

Secondary Activities Term 3

Monday

Chess	Year 7-Year 13	Cost: 25€/Month
These lessons will be delivered by a qualified chess teacher from the organization CEMENA, with the Official Title of "European Teacher of Mathematics and Chess".		
Students will learn to develop skills such as visualization, concentration, planning & strategy, anticipation & calculation, tactics and analysis. They will get to know the island, and decipher enigmas, knowing the History of Spain and the History of Chess, learning Techniques and strategies and the algebraic system.		
Each student will receive a personalized book, free of charge "Didactic Unit" and will have a full account of the progress generated.		
By signing up for this activity you are agreeing to be charged the corresponding fee of €25.00/month. You will be billed for the entire term in May's invoice.		
Dodgeball	Year 7-Year 9	
Join our high-energy dodgeball club for thrilling matches and skill development. Enhance agility, coordination, and teamwork while unleashing your competitive spirit!		
EBAU Biology	Year 13 only	
EBAU Biology lessons for last 3 weeks of term.		
EBAU Maths (Monday)	Year 13 only	
EBAU Maths (Group 2) EBAU Maths (Group 2)		
Homework Club	Year 7-Year 11	
An opportunity to get your homework done and study in the best possible environment, with the help and support of a teaching assistant, who will be there to answer questions if needed.		
Homework Club	Year 12-Year 13	
This club provides Sixth Formers with an opportunity to complete their homework and study in a tranquil setting. Please be aware that this club is unsupervised. Students who wish to join must be responsible and committed to maintaining a conducive working environment without causing disruptions to others.		
Modern Dance	Year 6-Year 10	Cost: 15€/Month
Delivered by a professional dance teacher.		
At the club, participants will learn choreographies of modern, urban, and contemporary dance. The music will always be modern/lyrical/pop, avoiding lyrics and music styles that are not suitable for teenagers. During the class, there will be a brief warm-up with music, followed by learning choreographies to enhance memory, rhythm, musicality, coordination, interpretation, and various other elements that constitute the essence of dance.		
Teamwork and group activities will also be emphasized, providing guidance for students to learn how to create choreographies themselves. Comfortable sportswear is recommended to allow easy movement.		
A minimum of 10 students is required to start the activity.		
By signing up for this activity you are agreeing to be charged the corresponding fee of €15.00/month. You will be billed for the entire term in May's invoice.		

Secondary Activities Term 3

Tuesday

CREST Awards

Year 9-Year 12

The CREST Awards scheme is the British Science Association's flagship programme for young people, around 30,000 students in the UK gain CREST Awards every year. It is the only nationally recognised accreditation scheme for STEM project work (science, technology, engineering and mathematics), providing science enrichment activities to inspire and engage students.

Students will design and carry out their own individual investigations on topics of their choosing, which can be either practical or research based. They will present their findings in a written report and to their peers or teacher.

There is a small charge to receive the award at the end of the project. Suitable for years 9 to 12

Drama

Year 7-Year 13

Calling all 11-18 year olds! Dive into the thrilling world of theatre with our School Drama Club! In this final term we are embarking on an exhilarating journey filled with laughter, learning, and unforgettable moments as we produce short sketches, master the art of improvisation, and refine our acting skills. You'll discover your unique talents, forge lasting friendships, and showcase your creativity on stage. Unleash your inner performer and join us today!

Duke Awards

Year 7-Year 8

To encourage independence, confidence, resilience and self-motivation, our school is offering an Award called the Senior Duke Award. Although schools' curriculums are full and varied, employers across the globe are looking for capable young people with a well-rounded knowledge of life skills.

The Senior Duke Award is new this year and the pupils' photographic or video evidence will all be required to be uploaded to the Senior Duke portal. The challenges will require time and effort out of school with friends and family. Once uploaded to the portal, teachers will be alerted that there is evidence to be assessed.

There are six main sections to the Award: Creative Skills, Money Skills, Home Skills, First Aid Skills, Physical Challenge and Adventure Challenge. Each of those sections has a choice of activities, from which, the participant will need to choose one.

Year 7 students work to complete Silver level. Year 8 students work to complete Gold level. These awards are an excellent training ground for the more challenging Duke of Edinburgh Awards.

If your child signs up for this activity, there will be a cost of 25 Euros charged to your school account. This is a one-off cost to cover the cost of being officially registered for either the Silver or Gold award.

E2L

Year 10 only

XXXXXXXXXXXXXXXXXXXXXXXXXXXX

Homework Club with Maths Specialist Supervision

Model United Nations (MUN)

Year 7-Year 13

Model United Nations, also known as Model UN or MUN, is an extra-curricular activity in which students typically role play delegates to the United Nations and simulate UN committees. In this educational experience, students must put themselves in the shoes of the delegates of the country it has fallen on them to represent, and they must find solutions to concrete problems on the international agenda.

Thousands of middle school, high school, and college students across the world participate in Model United Nations, which involves substantial researching, public speaking, debating, and writing skills, as well as critical thinking, teamwork, and leadership abilities.

MUN projects aim to foment a critical attitude and encourage student participation in the acquisition of the principles, values and mechanisms necessary for the peaceful resolution of conflicts. They also contribute to understanding the current international situation.

Secondary Activities Term 3

Friday

Chill Out Zone

Year 7-Year 13

Welcome to the Chill-Out Zone, the ultimate teenage hangout for Friday fun! Join us in a relaxing and inspiring environment, where you can do a variety of activities to unwind and recharge at the end of the week. Discover the art of mindfulness through journal writing, origami, and meditative colouring. Unleash your creativity and indulge in painting and drawing, using a wide range of available resources. If you prefer a quieter escape, grab a captivating book or challenge your mind with stimulating puzzles. For those seeking a bit of friendly competition, engage in thrilling battles of strategy with classic board games like chess, rummikub, or scrabble.

Year 7-Year 13

An opportunity to get your homework done and study in the best possible environment, with the help and support of a BSGC Geography Teacher, who will be there to answer questions if needed.

Spikeball

Year 7-Year 10

Spikeball is an exciting and teamwork-driven game based out of Chicago, Illinois, United States. The game has gained massive popularity internationally over the last decade and can be seen being played on Las Canteras right here on the island. The game includes a circular net similar to a trampoline, a soft rubbery ball, and four players (two on each team). Similar to beach volleyball, the object of the game is to work with your partner in order to hit the ball off of the trampoline without the other team being able to receive the hit. The game includes a lot of hand-eye coordination, short-burst sprinting, and strategy. Students may benefit both physically, mentally, and socially from this exciting game due to the various facets of the game.
