**Secondary Activities Term 2**

**Monday**

---

**HOMEWORK CLUB**

**Year 7-Year 13**

The Homework Club provides you with an opportunity to get on top of your assignments. Use the quiet of the Learning Resource Centre for some silent study, freeing you up to do more activities in your time out of school.

---

**SELF-DEFENCE**

**Year 7-Year 11**

This paid activity takes place once per week. By registering for this activity an agreement for the whole term attendance is required and a one-time 60€ charge (15€/month) will be billed in October's invoice.

Many people think of self-defense as a karate kick or form of Martial Art, but self-defense actually means doing everything possible to avoid fighting someone who threatens or attacks you. Self-defense is all about using your smarts — not your fists.

---

**SILENT STUDY AREA**

**Year 7-Year 13**

On request, only with JPs approval and one day only.

---

**UCMAS - MENTAL MATHS**

**Year 2-Year 7**

**Cost: 55€/Month**

This is a paid option. By signing up for this activity you are agreeing to be charged the corresponding fee of 55€/month (plus an annual tuition fee for new participants) automatically.

The UCMAS Programme (Universal Concept Mental Arithmetic System) is a modern representation of the ancestral art of mental arithmetic. This concept has its origin in China and its adaptation has given rise to a unique program that helps to stimulate children's brain activity.

The use of a specific methodology through abacus and particular didactic resources, generate an innovative and highly effective model that shapes the child in superior skills and abilities, thus improving their teaching-learning process.

UCMAS as a programme is focused on working more fully in which students develop arithmetic and cognitive skills and develop their capacities.

---

**Secondary Activities Term 2**

**Tuesday**

---

**ART, DESIGN AND TEXTILES CLUB**

**Year 7-Year 13**

In Art, Design and Textiles Club students will make independent artistic projects from a range of artistic materials. Students can use sewing equipment to make clothes, home furnishings, toys and accessories or can focus on modelling, painting, pottery or whatever other artistic medium takes their fancy. In this club there are no limits to what can be created. Experts and novices welcome. Just bring yourselves and your ideas and we will work together to make them reality!

---

**CODING AND COMPUTATIONAL THINKING**

**Year 10-Year 13**

If you are interested in computer science, physics, engineering and maths, this is for you!

---

**HOMEWORK CLUB**

**Year 7-Year 13**

The Homework Club provides you with an opportunity to get on top of your assignments. Use the quiet of the Learning Resource Centre for some silent study, freeing you up to do more activities in your time out of school.

---

**IGCSE EXAM SUPPORT BUSINESS STUDIES**

**Year 11-Year 11**

The club is open to IGCSE Business students and will cover exam technique for both Paper 1 and Paper 2 - Subject content will not be delivered.

---

**IGCSE EXAM SUPPORT HISTORY**

**Year 11-Year 11**

To prepare students for their IGCSE exam by completing lots of past paper questions and conducting a thorough review and revision of the History syllabus.

---

**INTRODUCTION TO DIGITAL PHOTOGRAPHY**

**Year 7-Year 13**

**PART II**

This course designed strictly for beginners, provides for a solid grounding in the skills and tools needed to explore the world of digital photography. The pupils need to bring their own camera (if it is possible, a reflex or another one with which all the options could be programmed).

---

**SILENT STUDY AREA**

**Year 7-Year 13**

On request, only with JPs approval and one day only.

---

**SPANISH DRAMA**

**Year 7-Year 9**

The Spanish Drama Club will be bringing the joy and power of Drama to students as it pledges to offer participants the chance to experience the excitement and rewards of theatre arts while developing social skills, confidence and the ability to work with others.

**Secondary Activities Term 2**

**Wednesday**

**CHESS**

**Year 7-Year 9**

The game of chess helps you practise the skills of logic, attention to detail, discipline, understanding of difficult concepts, collaboration, how to critically think and problem-solving.

Course Content:

1. Planet Chess and its inhabitants
2. The King
3. The Rook
4. Attack and Capture
5. Check and Checkmate
6. The Bishop
7. The Queen
8. Attack and Defence
9. The Knight
10. The Pawn
11. Exchange Rates
12. Special Moves-Stalemate, Pawn Promotion, Castling, En Passant capture

**FITNESS TRAINING**

**Year 7-Year 11**

Students will take part in circuits, boxercise and aerobic type classes.

**HOMEWORK CLUB**

**Year 7-Year 13**

The Homework Club provides you with an opportunity to get on top of your assignments. Use the quiet of the Learning Resource Centre for some silent study, freeing you up to do more activities in your time out of school.

**HORSERIDING**

**Year 7-Year 13**

**Cost: 30€/Month**

By registering for this activity an agreement for the whole term attendance is required and a one time 90€ charge(30€/month)will be billed in February's invoice.

This activity will take place in Hipica El Sabinal.

Students will receive 12 x 30 minute lessons of basic riding skills. If beginners, they will start off on the lunge rein. Once they show good balance and sufficient confidence they will ride off-rein, learning to walk, trot and canter. At all times there will be 3 qualified and experienced riding instructors with the group.

Participants will need to wear suitable clothing:

- Comfortable jeans – not too tight and with no holes
- Comfortable tops – polo shirt and/or sweater
- Boots with no laces (if possible). Helmets will be provided by the riding school.

**IGCSE EXAM SUPPORT CHEMISTRY**

**Year 11-Year 11**

We will practise important chemistry skills such as balancing chemical equations, moles calculations, graphical skills etc. This is not a revision club, neither is it a homework help club, it is to practise skills that you need in chemistry / calculations that you have covered this year and last year.

**INVITED HOMEWORK CLUB**

**Year 7-Year 13**

**CHARLOTTE EGGAR**

**SILENT STUDY AREA**

**Year 7-Year 13**

On request, only with JPs approval and one day only.

**TABLE TENNIS**

**Year 7-Year 10**

A club for enthusiastic table tennis players who wish to develop the skills and tactics for playing competitive table tennis, both singles and doubles. This will involve drills to improve technique, fun games and playing in a league to compete against other players over a number of weeks.

**UCMAS - MENTAL MATHS**

**Year 2-Year 7**

**Cost: 55€/Month**

This is a paid option. By signing up for this activity you are agreeing to be charged the corresponding fee of 55€/month (plus an annual tuition fee) automatically.

The UCMAS Programme (Universal Concept Mental Arithmetic System) is a modern representation of the ancestral art of mental arithmetic. This concept has its origin in China and its adaptation has given rise to a unique program that helps to stimulate children's brain activity.

The use of a specific methodology through abacus and particular didactic resources, generate an innovative and highly effective model that shapes the child in superior skills and abilities, thus improving their teaching-learning process.

UCMAS as a programme is focused on working more fully in which students develop arithmetic and cognitive skills and develop their capacities.

**Secondary Activities Term 2**

**Thursday**

**CREST AWARD**

**Year 8-Year 12**

The CREST Award Scheme is the British Science Association's flagship programme for young people. Around 30.000 students in the UK gain Crest Awards every year. It is the only nationally recognised accreditation scheme for STEM project work (science, technology, engineering and mathematics) subjects, providing science enrichment activities to inspire and engage students. There is a small charge to receive the award at the end of the project.

**HOMEWORK CLUB**

**Year 7-Year 13**

The Homework Club provides you with an opportunity to get on top of your assignments. Use the quiet of the Learning Resource Centre for some silent study, freeing you up to do more activities in your time out of school.

**IGCSE EXAM SUPPORT ICT**

**Year 11-Year 11**

To prepare students for their IGCSE exam by completing lots of past paper questions and conducting a thorough review and revision of the ICT syllabus.

**IGCSE EXAM SUPPORT MATHS**

**Year 11-Year 11**

This after school club will offer exam support to current year 11 students following either the Core or Extended course. We will be working with past papers and also revising specific topics. Any pupils from either Maths group are welcome to join.

**NORTHERN IRELAND MUSIC TRIP PREPARATION** **Year 7-Year 8**

Inviting all pupils going on the Northern Ireland trip to rehearse and prepare solo/ ensemble music for both the festival and concert. This will also allow us to bond and build friendships as a group. After the trip we will begin to prepare the assembly presentation and performance.

**SILENT STUDY AREA**

**Year 7-Year 13**

On request, only with JPs approval and one day only.

**STEM OXBRIDGE PREPARATION**

**Year 12-Year 13**

In this activity we will focus on preparation for applications to Oxford, Cambridge and other top Universities for:

. Sciences

. Engineering

. Maths

. Computer Science

The focus will be preparation for any extra examinations required (e.g. PAT and MAT exams) and preparation for interviews.

**TOUCH TYPING**

**Year 7-Year 11**

Students will learn or improve their keyboarding skills. They will use an online typing tutor, to learn about proper touch-typing techniques.

Learning to touch type helps students be more productive and prepares them for success in school and beyond.

**VECTOR GRAPHICS**

**Year 7-Year 13**

Vector graphics are scalable without loss of quality. they are used in graphic design for logos and branding, in web development, animations, textile printing and machined embroidery. In advertising they're used for printing or signs and vehicles. In engineering they're used in CAD and CNC machinery.

Students will learn the basic functions of vector software (e.g. Gravit or Inkscape) by following online tutorials to create simple logos and artwork. they will be also introduced to some of the applications of vector graphics, and the career opportunities available for people with this skill.

**WORD GAMES CLUB**

**Year 7-Year 9**

Would you like to increase your English vocabulary? Would you like to have some fun with words while improving your English? Come and join the Word Games club!

Each week we will use a new list of words to develop your vocabulary and we'll do some puzzles (word searches, crosswords, anagrams, matching etc) and play some games in pairs and teams to help us learn the words. We'll also have a spelling bee! Each week you can earn stickers on your Word Games Club card. Who will be the champion at the end of the term?

---

**Secondary Activities Term 2**

**Friday**

**HOMEWORK CLUB**

**Year 7-Year 13**

---

The Homework Club provides you with an opportunity to get on top of your assignments. Use the quiet of the Learning Resource Centre for some silent study, freeing you up to do more activities in your time out of school.

**IGCSE EXAM SUPPORT MATHS**

**Year 11-Year 11**

---

This after school club will offer exam support to current year 11 students following either the Core or Extended course. We will be working with past papers and also revising specific topics. Any pupils from either Maths group are welcome to join.

**ROUNDERS**

**Year 4-Year 8**

---

Learning the skills of this ball striking game and playing in a team, inter school matches.

**SILENT STUDY AREA**

**Year 7-Year 13**

---

On request, only with JPs approval and one day only.
